

## ST THOMAS' PRIMARY SCHOOL EMAIL AND INTERNET USE POLICY (STUDENTS)

---

### THIS FORM IS FOR STUDENTS IN KINDY TO YEAR 3 ONLY AND IS TO BE RETURNED TO THE SCHOOL OR MRS. BOURKE AS SOON AS POSSIBLE

At the beginning of this year all families received a copy of the school's policy on student use of Information and Communication Technology. We are sending out another copy and ask that you return the accompanying form which either grants or denies permission for us to put photos of children onto the MyInternet or MyClasses pages. Each class now has a digital camera and children love to see themselves or their work on the internet. Where photos of children are placed on the internet, no surnames will be used or displayed. MyInternet and MyClasses is also password protected and therefore not available to the general public.

If your children want to access MyInternet or MyClasses from home the address is: <http://www.stthomas.wa.edu.au/myinternet>. A password will be required and children in years 1, 2 and 3 know the password.

Please complete the information below and return it to school. This permission note will remain in place until the end of 2009.

**Parents:** I have read the above policy outlining the expected behaviour of students on the email and internet and agree to support the school in the implementation of this policy.

Child / Children's Names \_\_\_\_\_

Parent Name/s: \_\_\_\_\_

Parent Signature: \_\_\_\_\_

With regard to school publications, we ask whether parents grant or deny the use of images of their children in electronic/hardcopy form for school related matters (school publication, and so on).

I \_\_\_\_\_ (parent/s) grant / deny (please circle) permission for St Thomas' to use images of my child/children \_\_\_\_\_ for school related matters.

Parent/s Signature: \_\_\_\_\_ Dated: \_\_\_\_\_

Thank you

Mrs Bourke  
**ICT Teacher**

and Mr de Kluyver  
**Principal**
