PRINCIPAL’S MESSAGE

This document outlines four key elements established by the Catholic Education of Western Australia (CEWA).

These are:

Learning is what we do ~ We are committed to learning at every level.

Engagement is essential ~ We are committed to Catholic Education’s Mission through relationships with all.

Accountability is not optional ~ We have both personal and collective responsibilities for our system’s success.

Discipleship is our calling ~ We are committed to deepening our relationship with Jesus.

Our performances will be measured against the school’s strategic priorities and outcomes outlined in this document.

The priorities articulated in this Strategic Plan are focused on strengthening our fundamentals and are intended to:
♦ Advance the Vision and Mission of the school
♦ Ensure that all members of our community live by the Core Values
♦ Build on our strengths
♦ Enhance outcomes for all students

In formulating this Strategic Plan the school community has assessed, identified and discussed emerging new trends and opportunities likely to be faced in the future. We are both appreciative of the feedback provided and committed to turning our aspirations into reality, whilst remaining open to future developments. We look forward to working in partnership with parents during the next four years, as we embark on this plan and continue to live out our vision of celebrating each student’s childhood in the spirit of Jesus.
