Extend After School Care at St Thomas' Primary School

Fortnightly Recap

Happy End of Term 2 everyone! We had so much fun in Extend this term and we have learnt a lot of things from our friends through playing and sharing. We have enjoyed lots of craft, science, sports, and cooking activities during the past two weeks. We have had Cute Bug Paper Ring making, Rainbow Fish, Unicorn Paper Plate, Pompom Birds making, Moving Spider Web Craft, Origami Animals making, Chatterbox making, Paper Plate Clock making, Door Hangers craft and Balloon Painting. Our Science was fun too! - We've had Bubble Blower, Salt Water Experiment, Sparkly Explosion and Balloon Rocket making. We enjoyed playing Kangaroos and Crocodiles tag game, Soccer, Backyard Cricket and Free Play at the Pirate Ship Playground as well. For our cooking activity, we have made a yummy Anzac Biscuits and 3- Ingredient Fruit cake. We would like to take this opportunity to say a huge thank you to all the families who have spent time with us in before and after school care this term. We have loved seeing so many happy smiley faces every day, and we are glad that our numbers are growing! If you haven't yet enrolled this coming Term 3, it's free and easy to do so at www.lookedafter.com. We do encourage families to book in as early as possible to make the most of our reduced rates and to secure a place. If you are looking for some extra fun this holiday, we are offering a Fantabulous School Holiday Experience at Wesley College in South Perth starting on the 2nd of July. For the full schedule and booking details please visit www.extend.com.au

Our Extend Superstars are:

Anton Barbaro for being creative and for always sharing his brilliant activity ideas to the group.

Joshua Leighton for always being active in group activities and for always making time to help others.

Keep it up Anton and Joshua!

What's on week 1, Term 3?

Monday 16 July Drawing Contest and Puppet Making

Tuesday 17 July Blow Painting and Paint me a Picture Group Game

Wednesday 18 July Paper Cup Animal Crafts and 50 cups Challenge- (Who can build the highest tower in 1 minute?)

Thursday 19 July Oil and Water Experiment and Chocolate and Coconut Balls cooking activity

Friday 20 July Charades and Waddle like a Penguin Race -(holding a ball between their knees)

Wishing you all a wonderful holidays!
