Dear Parents/Community

The Quality Catholic Education School Review (QCESR) provides an opportunity for a panel of educators, external to the school, to affirm, challenge and report on the improvement journey at the school and the principal's leadership.

The QCESR focuses on the school improvement context and the principal leadership context, measuring the effectiveness of a principal's leadership and engagement with self-review, the impact of a school's engagement with self-review, and the future directions for the improvement of student outcomes that the school has identified.

The QCESR Panel will be visiting our school on Tuesday 7 June. As part of the process, they will be meeting with the Principal, Leadership Team, a selection of staff, a selection of students, Parish Priest and nominees from the Catholic School Advisory Council and P & F Group.

At the conclusion of the QCESR Panel visit, a two-part report will be completed. The first section comments on the school improvement processes and strategic direction and will be written and forwarded to school leadership. The second section comments on a principal's leadership and professional growth and development. It will be written and forwarded to the principal and CEWA Executive Director.

Yours sincerely

Dr Debra Sayce
Executive Director
